1ˢᵗ Annual
Commonwealth Computational Summit

Organized by the Center for Computational Sciences
https://www.ccs.uky.edu/ccs_square/

Academia and Industry from across the Commonwealth coming together to explore Big Data, High Performance Computing and Future Technologies!

October 17, 2017
University of Kentucky
W. T. Young Library Auditorium
401 Hilltop Avenue
Lexington, Ky 40506

UK

Poster Competition Winners!

- Top Five Runner Up Winners are:
  - Courtney Waterbury – NI Backpack of Goodies…
    - Biology - Vertebrate Genome Evolution
  - Austin Johnston – Amazon Fire Tablet HD 8
    - HPC – Multiphase Flows
  - Angelia Collier – Amazon Fire Tablet HD 10
    - Computational Astronomy, Galaxy Morphology and Evolution
  - Qunfei Zhou – NVIDIA Shield
    - Computational Material Science
  - Anthony Rios – NVIDIA Shield
    - Machine Learning, Protein-Protein Interactions

Poster Competition Winners!

- ***First BIG Winner***
  - Sepideh Dadkhah – Trip to SC '17 in Denver
    - HPC to analyze changes in gene expression
- ***Second Big Winner***
  - Vijay Shah– Trip to SC '17 in Denver
    - Designing Robust and Energy-efficient Disaster Response Networks

1ST Annual
Commonwealth Computational Summit

Would NOT have been done without our GREAT STAFF!

Bhushan Chitre
Computer Systems
Associate

Sandy Leachman
Administrative Staff Officer

Teresa Moody
Office Staff Associate

FINAL Thank You to Our Sponsors!
